14 +
Years Experience

EXPERTS IN THE FIELD OF CRYPTO LAW

Our Skills & Experiences

The escrow attorney releases the bitcoin fund to the relevant parties from the escrow with both sides approval.

READ MORE

Our Process

Agreement:

After having discussed their requirements, the buyer and the seller sign the Escrow Agreement provided by the attorney.

Verification of Fund:

Confirms the existence of cryptocurrencies and the ownership that will be deposited in escrow.

Escrow Wallet Setup:

Assist in the setup of a secure multi-signature wallet or a secure escrow mechanism to hold the cryptocurrency.

Monitoring the Transaction:

Ensure that the transaction complies with the terms of the contract and the delivery of the service or product.

Release of Funds:

The escrow attorney releases the bitcoin fund to the relevant parties from the escrow with both sides approval.

Closing of the Escrow:

The crypto escrow attorney closes the escrow, recording the result and handing over the relevant documents.

TESTIMONIAL

Our Clients Say

Check out our clients experience and the outcome they received working with Dubai Crypto Law to ensure secure and transparent crypto transactions.

They explain the laws and the best process that has to be

Highly Recommended! I got my transaction done securely.

followed to securely transfer the cryptocurrencies. And they also helped me by holding my funds in escrow. Very helpful and trustworthy.

Aaliyah James
Client

Sarah Williams
Client

And the process was carried on smoothly and the transaction closure was well documented and was handed to me.
