## More About Us....

Royal Foreign Education Consultants was founded in 2016 with the prime objective of providing students and their parents/guardians with honest guidance regarding their overseas higher education options. One of our main goals is to encourage those students and parents who believe that studying abroad is beyond their means and assist them in achieving their dreams, irrespective of their financial background.

Europe

## Happy Stories

He provided us with all options for academic as well as professional migration. Although our initial expectation was for academic migration he guided us on the options available professionals migration which was more ideal given our professional backgrounds. Highly recommend his services for all academic migration needs

**Maduranga RRD**

The admission procedure was so smooth , from applying to Universities, the whole process was perfect. The support by RFEC was great!

**Neetha Sivaguru**

RFEC is the best place if you are planning for abroad studies. They are extremely helpful for those travelling abroad for the first time.

**Naureen Qasim**
